6 Reasons to Shop Small

- 1. Local Economic Stimulus.** When you purchase at locally owned businesses rather than nationally owned, more money is kept in the community.
- 2. Unique Businesses Create Character & Prosperity.** The unique character of your local community is defined, in part, by the business that reside there and that plays a big factor in your overall satisfaction with where you live.
- 3. Environmental Impact Is Reduced.** Shopping local means contributing less to sprawl, congestion, habitat loss and pollution.
- 4. Most New Jobs Are Provided By Local Businesses.** Small local businesses are the largest employers nationally.
- 5. Customer Service Is Better.** Local businesses often hire people with more specific product expertise for better customer service.
- 6. Local Business Owners Invest In Community.** Local businesses are owned by people who live in this community, are less likely to leave, and are more invested in the community's welfare and future.
